

**Natural Gas Savings Program Through Constellation NewEnergy – Gas Division**

With the deregulation of natural gas – supplier choice is now available. BNP has partnered with Constellation NewEnergy to bring you real savings on your natural gas utility bills. National Fuel Gas (NFG) shall continue delivery of natural gas to your facility. The end result is saving on your natural gas costs. Because of your membership (in the BNP) you can potentially save up to 15% on your monthly bills.

**Program Highlights:**

- BNP member incentive: a 10% discount on the delivery portion of Constellation NewEnergy gas supply costs.
- Up to a 15% savings below the existing NFG sales rates.
- Quarterly savings statement verifying the program benefits, by comparing NFG’s “bundled bill” versus marketer bill.
- 100% of the supply from Constellation NewEnergy’s pool at NFG.
- NFG “Choice” Billing program- one bill detailing NFG and Constellation NewEnergy service charges.
- Constellation NewEnergy’s trusted name for energy supply.

Constellation can provide a **free analysis** of the BNP savings opportunity. The program covers commercial and industrial end- users. Please fill in the below information and return to the Buffalo Niagara Partnership via fax (716.852.2761) or email Lisa Roy at [lroy@thepartnership.org](mailto:lroy@thepartnership.org).
