Hurwitz & Fine, P.C. atests to the importance of Partnership advocacy efforts.

Community involvement has been a key part of the culture at Hurwitz & Fine, P.C. since the law firm was founded in Buffalo in 1977. Firm attorneys serve on boards, lend their time and talent as volunteers, and support countless civic and charitable organizations in the Buffalo Niagara region.

That includes the Buffalo Niagara Partnership where Hurwitz & Fine has been a member for over 30 years, supporting the Partnership mission through board memberships, as well as involvement in many committees and programs.

According to President and Managing Partner Ann E. Evanko, who is also a Partnership board member, Hurwitz & Fine has access to many resources through their Partnership membership that help the firm determine what to support (or not support) in the Buffalo Niagara community.

"Being involved with the Buffalo Niagara Partnership means we are constantly learning about community issues from different perspectives," she explains. "The Partnership helps us be better, more knowledgeable advocates for the many community concerns our firm supports."

Make your case with the Partnership.

Hurwitz & Fine offers just one example of how the Buffalo Niagara Partnership is committed to deeper engagement with our members and the community. Learn more about what membership can do for your business, including aligning your advocacy efforts with the Partnership.
