CONTACT TRACING. WHAT EMPLOYERS NEED TO KNOW.

WEBISODE - 7/23/20

BNP
BUFFALO NIAGARA PARTNERSHIP
CONTACT TRACING. WHAT EMPLOYERS NEED TO KNOW.
WEBISODE - 7/23/20

Dr. Gale Burstein
Commissioner
Erie County Department of Health

Daniel Stapleton
Public Health Director
Niagara County Department of Health

Grant Loomis
Vice President
Government Affairs
What is contact tracing and why is it an important part of our public health response to COVID-19?
What is an employer’s role in contact tracing?
Question #3

Does the county health department notify impacted employees about a positive case or is that the responsibility of the employer?
Question #4

What steps are then required for employees that had contact with COVID-19 positive co-worker?
Question #5

What steps should an employer be taking now to best prepare for assisting with contact tracing (e.g. employer interaction records, etc.)?
Do employee interaction records have to be saved for a period of time? If yes, how and for how long?
Question #7

Does the county health department notify impacted customers or visitors about a positive case at a place of business or is that the responsibility of the employer?
Does an employer only have a role in contact tracing if one of its employees tests positive for COVID-19?
Question #9

Does an employer have a right to know an employee’s COVID-19 test results or to verify that a test has been conducted?
What information as part of contact tracing is considered private and what information is public?
